

ALONE WE CAN DO SO LITTLE, TOGETHER WE CAN DO SO MUCH

Helen Keller

Dear employee

The Malta Community Chest Fund is an organisation aimed at promoting solidarity among people living in Malta. The Malta Community Chest Fund, which is chaired by the President of Malta, provides financial, material and professional support to people experiencing difficulties because of severe chronic or terminal illness, including cancer, disability, poverty, or lack of resources, without any form of discrimination. The Fund also supports social institutions and organisations.

In order to be in a position to provide the necessary funds, the Malta Community Chest Fund receives donations and collects money through the various activities it organises. The Malta Community Chest Fund also benefits from the generosity of corporate companies, which, through their Corporate Social Responsibility programs, raise funds and offer time and expertise.

It is salient to point out that MCCF grants approximately €230,000 each month to such people battling cancer and other severe chronic diseases. If most employees contribute a minimum of 1 Euro every pay cheque MCCF would be able to cover some of the cost of specialised chemotherapy and be able to help more people in such situations.

Year after year MCCF was able to help our brothers and sisters needing our solidarity because of generous people like you who contributed towards this aim. For this reason, we would like to ask you to support this cause and to make a donation from the next salary, a personal noble gesture.

Should you accept, may I ask you to please fill the form below and to hand it to your Payroll Section.
