*The MUT aims to unite  
teaching grades; to develop  
teaching as a profession;  
and to promote teaching  
grades' working conditions.*

Students following courses leading to the education professions have the possibility of becoming MUT members, which is free for the duration of the course of studies. Student MUT members benefit from the full benefits of membership such as advice in all matters concerning employment with an educational institution including during teaching practice periods.

N.B. After the termination of the course, student members are automatically enrolled as full members. The standard membership fee will then apply unless the member is undertaking further full-time studies or is not yet in employment. For more information students are welcome to contact the MUT Secretariat.

## What happens next?

- Once approved by the MUT Council, members will receive a printed receipt together with the MUT membership card (including allocated number) by post.
- With their membership number, members can then create a password and log in to the MUT website to access Members Area information, view/update their personal details, receipts and/or request a full statement. Instructions can be found at [MUT.ORG.MT](https://mut.org.mt).
- Once confirmed, members can then have access to all membership services including information and updates by the MUT, advice and assistance services, participation and representation including agreements and ongoing discussions with employers, and other services.
