ALUMNI TESTIMONIALS

Three years ago, I embarked on my academic journey at the University of Malta, choosing to read for a Degree in Facilitating Inclusive Education. The course led me to hone my assertiveness, but the continuous support and the knowledge imparted by the dedicated tutors also played a crucial role in guiding me along this educational path. In my view, with adequate resources, opportunities, and the freedom to express knowledge in their own unique way, any student reading for this degree has the potential to thrive.
